

FOOD BUSINESS PLAN REVIEW APPLICATION

Facility Layout & Equipment Specifications

Developed by the Food Protection
Program at Columbus Public Health

Updated September 2016

SUBMIT FOOD BUSINESS PLANS & APPLICATION ELECTRONICALLY

You can now submit plans via email!

Send your completed plan review application and plan files to us at foodplanreview@columbus.gov.

Submission Guidelines

Please follow these guidelines if submitting electronically.

Submit as PDF: Each set of plans must be saved in PDF format and should be oriented so the document can be viewed without rotation. Electronic “bookmarks” in the PDF are helpful and encouraged.

Necessary Pages Only: Please provide only those pages that are necessary to our public health review.

Naming & Sorting PDF Files:

- **For small plan review projects (typically 25 pages or less)** create a single PDF document with a file that is unique and descriptive of the project itself (i.e. 123 E Main St Remodel Plans.pdf).
- **For larger projects**, group and submit plans in smaller sets to facilitate the electronic plan review (i.e. 123 E Main St Remodel_Plumbing.pdf, 123 E Main St Remodel_Architectural.pdf).

Full Size & To-Scale: Plans must be saved at ‘full size’ and ‘to-scale’ to ensure proper measuring of lines and areas electronically.

Additional Files: Supplemental files such as menus and equipment specification sheets should be named with a unique descriptive file name.

No ZIP Files: Please do not send ZIP files as they cannot be opened.

Completed Plan Review Application: A completed plan review application must be included with the plans in your email submission.

Email Subject: Subject line of email should include address of facility.

Payment (if applicable): Payment for the review, if applicable, must be provided along with the application by one of these methods:

In person or via U.S. mail system:

Columbus Public Health - Environmental Health Licensing
240 Parsons Ave., Columbus, OH 43215

Online: Check the “online payment” box on your submitted plan review application. Once the application is received, an invoice with instructions will be emailed to you.

LICENSING

All retail food businesses in the City of Columbus and Worthington are required to have a food service operation or retail food establishment license issued by Columbus Public Health (CPH). If you plan to open a restaurant or retail food facility, remodel a facility, or change your license status (e.g. change of menu, equipment, or process), contact CPH for any questions you may have in regard to plan approval or licensing. See the CPH guide **'Starting a Food Business'** for more detailed information. Go to <http://www.publichealth.columbus.gov> to access information about the CPH Food Protection Program.

GETTING STARTED

All new retail food businesses and those performing extensive alterations or remodeling must complete the plan review process. Here we will walk you through all of the necessary steps to obtain a food service license from Columbus Public Health.

Step 1: Submit Plans (at least 30 days prior to construction)

Include the following:

- One (1) complete set of drawings of the facility
- Properly completed application (this document)
- Menu or list of food and beverage items to be sold
- Plan review fee, as determined by CPH (list attached)

Step 2: Plan Review Process

- Within 30 days after plans and fee are submitted, CPH will review the plans.
- Plans may require additional information or changes – in this case, you will be contacted.

Step 3: Plan Approval Process

- A letter will be sent informing you that the plans have been approved.
- Plan approvals not acted upon expire in one (1) year, unless the facility is under construction.

Step 4: Construction

- Ensure that all contractors and sub-contractors are licensed, if necessary (check with City of Columbus Building Services at 645-7314).
- Ensure that contractors obtain necessary permits through Building Services.
- Contact CPH if you have questions or need a walk through inspection during construction.

Step 5: Inspections

- **At least one Person In Charge from each work shift has attend Level One training or equivalent**
- Obtain signatures ('sign offs') from all building inspectors before contacting CPH for an opening inspection – arrange for this inspection once approval for a **Certificate of Occupancy** (or Partial Certificate of Occupancy, if applicable) has been given.
- CPH requires a minimum of 2 business days notice to schedule an inspection (based on volume, it may take up to a week). Though we will attempt to accommodate your schedule, call early to avoid scheduling conflicts and allow time for re-inspection if necessary. **Call 614-645-6191 to schedule the inspection.**
- Once the appropriate license fee is paid and the opening inspection is completed by CPH, you will be able to open for business.
